Data Declaration

Sex Offense Victims
Sexual Assault with an Object
Sex and Race
by Age, 2011

The FBI collects these data through the FBI UCR Program's NIBRS.

General Comment

This table shows the sex and race of the victims by age range.

Methodology

This table uses the following rules and then aggregates the data by the age range, sex, and race of the victims for each sex offense incident involving Sexual Assault with an Object:

- Victims – count one for each victim, i.e., Victim Segment, in each sex offense incident where Data Element 24 (Victim Connected to UCR Offense Code) contains data value 11C = Sexual Assault With An Object and Data Element 25 (Type of Victim) is I = Individual or L = Law Enforcement Officer.

- Age Range – determine age range by the data value in Data Element 26 (Age of Victim).

- Sex – determine sex by the data value in Data Element 27 (Sex of Victim).

- Race – determine race by the data value in Data Element 28 (Race of Victim).
