[1]Population figures are published only for the cities. The figures listed for the universities and colleges are student enrollment and were provided by the United States Department of Education for the 2012 school year, the most recent available. The enrollment figures include full-time and part-time students.

[2]The human trafficking figures in this publication may differ from other FBI UCR Program publications which also include human trafficking since NIBRS data are continually updated. This publication is based on a snapshot of the 2013 NIBRS master file in May 2014.
