

# Age-Specific Arrest Rates and Race-Specific Arrest Rates for Selected Offenses 1993-2001

**Age-Specific Arrest Rates and  
Race-Specific Arrest Rates  
for  
Selected Offenses, 1993-2001**

Uniform Crime Reporting Program  
Federal Bureau of Investigation  
November 2003

# INTRODUCTION

The objective of this publication is to supplement the statistics published in *Crime in the United States* by providing users of Uniform Crime Reporting (UCR) Program data with age-specific arrest rates and race-specific arrest rates for the years 1993–2001. The current tabulations update the December 1993 publication, which presented these data for the years 1965–1992. The UCR Program’s statisticians have tabulated the data for the Crime Index, violent crime, property crime, and each Part I offense (murder, forcible rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson). Age and race specific arrest rates are also tabulated for select Part II offenses (forgery and counterfeiting, fraud, embezzlement, stolen property, weapons violations, sex offenses, gambling, and drug abuse violations). Additionally, for each of the offenses, the statisticians have calculated age breakdowns representing juveniles and adults by race (white and all other races, black and all other minorities). A separate table lists the average age of arrestees for each of the Part I and Part II offenses by year.

An age-specific arrest rate refers to the number of arrests made per 100,000 inhabitants belonging to a defined age group. Technical Note A describes the computational procedures used to derive age-specific arrest rates. Technical Note B describes the methodology used to compute the average age of the arrestees. The reader should be aware that the average age of the arrestees is based on the age composition of the U.S. population. Therefore, any shift in the average age of the arrestees should not immediately be associated with a change in criminal pattern since the data may, in fact, reflect a shift in the population.

A race-specific arrest rate refers to the number of arrests per 100,000 inhabitants belonging to a defined race. The statisticians have updated the race-specific data used in this publication, and therefore, figures may differ slightly from the national averages published in earlier editions of *Crime in the United States*. The rates represent that portion of the population covered by all agencies that contributed race data for the given offenses. The UCR Program requires that reporting agencies supply the age of arrestees; however, the Program stipulates that the submission of race data is voluntary. Therefore, the population coverage for race statistics is lower than that for age statistics.

This publication will be updated annually and published in electronic format beginning with the 2002 data, which will be posted on the FBI’s Web site in the spring of 2004.

*The Uniform Crime Reporting (UCR) Program's Crime Index is composed of selected offenses used to gauge fluctuations in the volume and rate of crime reported to law enforcement. The offenses selected to make up the Crime Index were the Part I crimes—the violent crimes of murder and nonnegligent manslaughter, forcible rape, robbery, and aggravated assault and the property crimes of burglary, larceny-theft, motor vehicle theft, and arson.*

*Murder and nonnegligent manslaughter, as defined by the Uniform Crime Reporting (UCR) Program, is the willful (nonnegligent) killing of one human being by another.*

*The classification of this offense, as for all other offenses that make up the Crime Index, is based solely on police investigation as opposed to the determination of a court, medical examiner, coroner, jury, or other judicial body. The Program does not include the following situations in the count for this offense classification: deaths caused by negligence, suicide, or accident; justifiable homicides; and attempts to murder or assaults to murder, which are scored as aggravated assaults.*

<sup>a</sup>Rate is less than 0.05

*Forcible rape, as defined in the Uniform Crime Reporting (UCR) Program, is the carnal knowledge of a female forcibly and against her will. Attempts or assaults to commit rape by force or threat of force are also included; however, statutory rape (without force) and other sex offenses are excluded.*

According to the Uniform Crime Reporting Program, an aggravated assault is an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Attempts involving the display or threat of a gun, knife, or other weapon are included because serious personal injury would likely result if the assault were completed.

*In the Uniform Crime Reporting Program, property crime includes the offenses of burglary, larceny-theft, motor vehicle theft, and arson. The object of the theft-type offenses is the taking of money or property, but there is no force or threat of force against the victims. The property crime category includes arson because the offense involves the destruction of property; however, arson victims may be subjected to force.*

*Burglary is defined in the Uniform Crime Reporting Program as the unlawful entry of a structure to commit a felony or theft. The use of force to gain entry is not required to classify an offense as a burglary. Burglary in the Program has three categories: forcible entry, unlawful entry where no force is used, and attempted forcible entry.*

*Larceny-theft is the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. It includes crimes such as shoplifting, pocket-picking, purse-snatching, thefts from motor vehicles, thefts of motor vehicle parts and accessories, bicycle thefts, etc., in which no use of force, violence, or fraud occurs. In the Uniform Crime Reporting Program, this crime category does not include embezzlement, confidence games, forgery, and worthless checks. Motor vehicle theft is also excluded from this category inasmuch as it is a separate Part I offense.*

*The Uniform Crime Reporting (UCR) Program defines motor vehicle theft as the theft or attempted theft of a motor vehicle. This offense includes the stealing of automobiles, trucks, buses, motorcycles, motorscooters, snowmobiles, etc. The taking of a motor vehicle for temporary use by persons having lawful access is excluded from this definition.*

*The Uniform Crime Reporting (UCR) Program defines arson as any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc. Only fires determined through investigation to have been willfully or maliciously set are classified as arsons. Fires of suspicious or unknown origins are excluded.*

<sup>a</sup>Rate is less than 0.05

*Drug abuse violations, defined by the Uniform Crime Reporting Program, are violations of state and/or local offenses relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs. The following drug categories are specified: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics—manufactured narcotics that can cause true addiction (demerol, methadone); and dangerous nonnarcotic drugs (barbiturates, benzedrine).*

### Definitions of Part I and selected Part II offenses:

**Murder and nonnegligent manslaughter**—the willful (nonnegligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, and accidental deaths are excluded. The Program classifies justifiable homicides separately and limits the definition to: (1) the killing of a felon by a law enforcement officer in the line of duty; or (2) the killing of a felon, during the commission of a felony, by a private citizen.

**Forcible rape**—The carnal knowledge of a female forcibly and against her will. Rapes by force and attempts or assaults to rape regardless of the age of the victim are included. Statutory offenses (no force used—victim under age of consent) are excluded.

**Robbery**—The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated assault**—An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

**Burglary (breaking or entering)**—The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

**Larceny-theft (except motor vehicle theft)**—The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are thefts of bicycles or automobile accessories, shoplifting, pocket-picking, or the stealing of any property or article which is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, confidence games, forgery, worthless checks, etc., are excluded.

**Motor vehicle theft**—The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

**Arson**—Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

**Forgery and counterfeiting**—Making, altering, uttering, or possessing, with intent to defraud, anything false in the semblance of that which is true. Attempts are included.

**Fraud**—Fraudulent conversion and obtaining money or property by false pretenses. Confidence games and bad checks, except forgeries and counterfeiting, are included.

**Embezzlement**—Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

**Stolen property—buying, receiving, possessing**—Buying, receiving, and possessing stolen property, including attempts.

**Weapons—carrying, possessing, etc.**—All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers. Attempts are included.

**Sex offenses (except forcible rape, prostitution, and commercialized vice)**—Statutory rape and offenses against chastity, common decency, morals, and the like. Attempts are included.

**Gambling**—Promoting, permitting, or engaging in illegal gambling.

**Drug abuse violations**—State and/or local offenses relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs. The following drug categories are specified: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics—manufactured narcotics that can cause true addiction (demerol, methadone); and dangerous nonnarcotic drugs (barbiturates, benzedrine).

2001	587.2	450.2	1,165.6

## Definitions of Part I and selected Part II offenses:

**Murder and nonnegligent manslaughter**—the willful (nonnegligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, and accidental deaths are excluded. The Program classifies justifiable homicides separately and limits the definition to: (1) the killing of a felon by a law enforcement officer in the line of duty; or (2) the killing of a felon, during the commission of a felony, by a private citizen.

**Forcible rape**—The carnal knowledge of a female forcibly and against her will. Rapes by force and attempts or assaults to rape regardless of the age of the victim are included. Statutory offenses (no force used—victim under age of consent) are excluded.

**Robbery**—The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated assault**—An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

**Burglary (breaking or entering)**—The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

**Larceny-theft (except motor vehicle theft)**—The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are thefts of bicycles or automobile accessories, shoplifting, pocket-picking, or the stealing of any property or article which is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, confidence games, forgery, worthless checks, etc., are excluded.

**Motor vehicle theft**—The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

**Arson**—Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

**Forgery and counterfeiting**—Making, altering, uttering, or possessing, with intent to defraud, anything false in the semblance of that which is true. Attempts are included.

**Fraud**—Fraudulent conversion and obtaining money or property by false pretenses. Confidence games and bad checks, except forgeries and counterfeiting, are included.

**Embezzlement**—Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

**Stolen property—buying, receiving, possessing**—Buying, receiving, and possessing stolen property, including attempts.

**Weapons—carrying, possessing, etc.**—All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers. Attempts are included.

**Sex offenses (except forcible rape, prostitution, and commercialized vice)**—Statutory rape and offenses against chastity, common decency, morals, and the like. Attempts are included.

**Gambling**—Promoting, permitting, or engaging in illegal gambling.

**Drug abuse violations**—State and/or local offenses relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs. The following drug categories are specified: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics—manufactured narcotics that can cause true addiction (demerol, methadone); and dangerous nonnarcotic drugs (barbiturates, benzedrine).

## Technical Note A

### Methodological Issues

The arrest data presented in this report were obtained from the Uniform Crime Reporting (UCR) Program and cover the 9-year period, 1993-2001. The number of agencies represented in this report and their respective populations are listed below:

Number of UCR Contributors and Population Coverage Used to Compute Age-specific Arrest Rates				
Year	Number of UCR Contributors Used	UCR Contributor Population	Total United States Population	United States Population Covered
1993	10,277	213,705,457	257,907,937	83%
1994	10,699	208,080,875	263,125,821	79%
1995	10,039	206,782,546	266,278,393	78%
1996	10,032	195,852,942	269,394,284	73%
1997	9,472	194,925,139	272,646,925	71%
1998	9,589	194,612,735	275,854,104	71%
1999	9,502	195,324,374	279,040,168	70%
2000	9,904	204,964,817	281,421,906	73%
2001	10,281	215,380,356	285,317,559	75%

Number of UCR Contributors and Population Coverage Used to Compute Race-specific Arrest Rates				
Year	Number of UCR Contributors Used	UCR Contributor Population	Total United States Population	United States Population Covered
1993	10,273	213,651,060	257,907,937	83%
1994	10,694	208,034,970	260,327,021	80%
1995	10,037	206,762,449	262,803,276	79%
1996	10,026	195,804,943	265,228,572	74%
1997	9,471	194,924,512	267,783,607	73%
1998	9,585	194,546,802	270,248,003	72%
1999	9,502	195,324,374	272,690,813	72%
2000	9,904	204,964,817	275,129,687	74%
2001	10,280	215,368,564	285,317,559	75%

The size of the population pertaining to a prescribed age group was computed for each year by distributing the UCR contributors' population through the use of age distributions derived from U.S. Census publications. A similar procedure was used for race classifications—distributing the UCR contributors' population through the use of race distributions. Race classifications were divided into white and nonwhite. The nonwhite category includes all races other than white.

The sources of population data used are listed below:

U.S. Census Bureau, "Monthly Population Estimates, 2001," *National Estimates*, June 17, 2003, <[http://eire.census.gov/popest/data/national/tables/asro/2002RESIDENT2001MONTHS07\\_12.txt](http://eire.census.gov/popest/data/national/tables/asro/2002RESIDENT2001MONTHS07_12.txt)> (August 3, 2003).

## Technical Note B

### A Method for Computing the Average Age of Arrestees from UCR Data

UCR arrest data can be broken down into age groups; some are single-age categories (e.g. 20-year-old category) while others are multiple-age categories (e.g. 20- to 24-year-old category). This type of classification scheme is not a convenient basis for computing the average age of arrestees. A simple method of overcoming this difficulty is suggested below.

Let  $[x', x'')$  denote the age interval  $\{x, x' \leq x < x''\}$ . For example, the UCR age group "25 through 29" is expressed as  $[25,30)$ . Let  $[x_0, x_1)$ ,  $[x_1, x_2)$ ,  $[x_2, x_3)$  be consecutive age intervals and  $f(x)$  be a quadratic function of the form  $f(x) = 3ax^2 + 2bx + c$ . It is required that the function  $f(x)$  satisfies the following conditions:

$$(1) \quad \int_{x_0}^{x_1} f(x)dx = D, \quad \int_{x_1}^{x_2} f(x)dx = E, \quad \text{and} \quad \int_{x_2}^{x_3} f(x)dx = F,$$

where D, E, and F represent the number of UCR arrests for the consecutive age intervals  $[x_0, x_1)$ ,  $[x_1, x_2)$ , and  $[x_2, x_3)$ .

The system of equations (1) can be solved for the unknowns a, b, and c. Using the notation

$$G = \begin{vmatrix} x_1^3 & x_1^2 & x_1^0 \\ x_2^3 & x_2^2 & x_2^1 \\ x_3^3 & x_3^2 & x_3^2 \end{vmatrix} \quad H = \begin{vmatrix} D & x_1^2 & x_1^0 \\ E & x_2^2 & x_2^1 \\ F & x_3^2 & x_3^2 \end{vmatrix} \quad I = \begin{vmatrix} x_1^3 & D & x_1^0 \\ x_2^3 & E & x_2^1 \\ x_3^3 & F & x_3^2 \end{vmatrix} \quad \text{and}$$

$$J = \begin{vmatrix} x_1^3 & x_1^2 & D \\ x_2^3 & x_2^2 & E \\ x_3^3 & x_3^2 & F \end{vmatrix}$$

the solution for (1) is expressed by Cramer's Rule as

$$(2) \quad a = H/G, \quad b = I/G, \quad \text{and} \quad c = J/G.$$

The distribution  $f(x)/E, x_1 \leq x < x_2$ , is then applied to obtain the average age of the arrestees on a certain interval  $[x_1, x_2)$ :

$$(3). \quad \frac{1}{E} \int_{x_1}^{x_2} x f(x) dx = \frac{9(x_2^4 - x_1^4)H + 8(x_2^3 - x_1^3)I + 6(x_2^2 - x_1^2)J}{12EG}$$

Therefore, the average age is represented by the weighted sum over all age intervals. The result of this model is presented on page 51.
