## **Data Declaration**

Sex Offenses Offense Type by State, 2011

The FBI collects these data through the FBI UCR Program's NIBRS.

## **General Comment**

This table shows the number of offenses per offense type by state.

## Methodology

This table uses the following rule and then aggregates the data by state:

• Sex Offenses columns – count one for each victim, i.e., Victim Segment, connected to each sex offense type in the incident (in a multiple-offense incident, count a victim for each connected sex offense type).
