Population figures are published only for the census. The figures listed for the universities and colleges are student enrollment and were provided by the Illinois State Department of Education for the 2012-2013 year. The rest are our estimate. The enrollment figures include full-time and part-time students. The human trafficking figures in the publications may differ from other FBI UCR Program publications which also include human trafficking since NHIS data are continually updated. This publication is based on a snapshot of the 2013 NHIS master file as of May 2014.
