<sup>1</sup>In the NIBRS, the submission of arrestee data in connection with an incident automatically clears all offenses within the incident.

<sup>2</sup>The actual number of incidents is 4,927,535. However, the column figures will not add to the total because incidents may include more than one offense type, and each appropriate offense type is denoted in this table. Clearance figures in this table represent the number of incidents for each appropriate offense type.
