Data Declaration

Victims
Sex
by Offense Category, 2014

The FBI collected these data through the Uniform Crime Reporting (UCR) Program's National Incident-Based Reporting System.

General Comment

This table shows the number of victims in each gender category by the offense category to which they are connected. The 18 offense categories shown are comprised of 38 offense types.

Methodology

- The UCR Program counted one victim for each victim type of individual and law enforcement officer for each offense type to which they were connected.

- The victim data were aggregated by sex and broken down by their associated offense categories. Figures in the Unknown column represent the number of victims whose gender was unknown.
