¹The column figures do not add to the total number of incidents (4,902,177) because some incidents were counted two or more times when there were two or more offenses types within the incident.

²The figures in the column for victims represent the number of victims associated with each offense type.

³The term Known Offender does not imply the identity of the suspect is known, but only that an attribute of the suspect has been identified which distinguishes him/her from an unknown offender. Therefore, the figures in this column do not account for the 1,619,479 incidents with unknown offenders.
