¹The number of agencies that submitted data via NIBRS and their respective population covered include agencies "covered by" another agency that submitted their data during part of the reporting year. Therefore, the number of agencies that submitted via NIBRS and the number of agencies that submitted via SRS will not add to the number of agencies under Total Participants Submitting Data.

²Includes universities and colleges, state police, tribal, other state, and/or other agencies to which no population is attributed.
